Personal Statement

I am a Ph.D. candidate of Computer Science at Wright State University, where I am working as a graduate research assistant in the Data Science for Healthcare Lab. During my graduate studies, I investigated applied machine learning in the fields of healthcare, web mining, and learning analytics. My research in the healthcare domain spans the gamut of different clinical decision support systems in dementia management and sleep quality prediction. To expand my knowledge in medical domain, especially in sleep quality assessment, I have joint division of Sleep and Circadian Disorders at Brigham and Women's Hospital, Harvard Medical School (HMS) as a research trainee. I am on track to graduate with my Ph.D. in May 2020 and plan to continue my research on creating smart personalized clinical decision support systems using probabilistic graphical model, signal processing, and soft computing techniques.

Education

Ph. D., Computer Science (GPA:4.0)   May 2017 – May 2020

Wright State University, Department of Computer Science and Engineering, Dayton, Ohio, USA
Dissertation: Predicting Subjective Sleep Quality Using Objective Measurements in Older Adults

M.S., Computer Engineering- Software (GPA:4.0)   Sep 2013 – Sep 2015

International University of Imam Reza, Department of Computer and Information Technology, Mashhad, Iran
Thesis: Strengthening Support Vector Classifiers against Outliers using Fuzzy Rough Set and Evolutionary Methods

B.S., Computer Engineering- Software   Sep 2008 – Jul 2012

Isfahan University of Technology , Department of Electrical and Computer Engineering, Isfahan, Iran
Project: Designing & implementation of online library management website in IUT High School

Research Interests

Information retrieval from online medical literatures and social media
Design and implementation of Expert Systems with the aim of outlier detection
Modeling complex systems using probabilistic graphical models, deep learning, and Fuzzy Logic
Clinical decision support systems based on the state-of-the-art machine learning and signal processing methods

Research Experience

Research Trainee   May 2019 – Present

Division of Sleep and Circadian Disorders, Brigham and Women's Hospital, Harvard Medical School, MA, USA
Novel sleep apnea biomarkers
Sleep apnea physiology and analytical techniques

Graduate Research Assistant   May 2017 – Present

Data Science for Healthcare Lab, Wright State University, Dayton, OH, USA
Validating wearable devices for continuous activity measurement
Sleep quality prediction in elderly people using physiological signals
Applying probabilistic graphical model structure learning in learning progress
Using signal processing and soft computing to predict the early hospital mortality
Detecting changes in behavior and activity patterns of dementia caregivers by analyzing their vital signals

Graduate Research Assistant   Nov 2013 – Sep 2015

International University of Imam Reza, Department of Computer and Information Technology, Mashhad, Iran
Nurse scheduling based on Stochastic Programming
Strengthening Support Vector Classifiers against outliers
Feature Reduction and Selection based on Fuzzy Rough Set

Teaching Interests

Undergraduate level: Computer programming, Software engineering, Database, and Basic optimization
Advanced topics: Big data analysis, Machine learning, and Parallel programming

Teaching Experience

Executive manager and computer trainer   Sep 2011 – Aug 2016
Soheil Education Complex, Tehran, Iran
    Organization of student information
    Training multimedia creation by Microsoft Power Point and Autoplay software

Graduate Teaching Assistant   Sep 2014 – May 2015
International University of Imam Reza, Department of Computer and Information Technology, Mashhad, Iran
    Advanced mathematics in computer engineering: The applications of fuzzy logic by MATLAB Fuzzy toolbox
    Multimedia systems: Creating dynamic website using HTML 5, CSS, and Java Script
    Advanced Computer programming & Computer programming: Basic concepts of C and C++

Technical Strengths

Database: PostgreSQL, Oracle, Microsoft SQL Server
Programming language: R, MATLAB, HTML, CSS, C#, C, C++, JavaScript, Python, ASP.NET
Packages: bnlearn, RPostgreSQL, Rmatlab, caret, Scikit-learn, igraph, network, RCrawler, Keras, TenseorFlow, Isa, NLPre, OpenNLP, Rcmdr

Patent

M. Zabihimayvan, **R. Sadeghi**, D. Doran (2018), "Soft Computing Methods for Feature Selection for Web Agent Detection", June 2018, U.S. Provisional Patent, Pending.

Leadership and Service Activities

- The program committee of IntelliSys, Computing conference, FUZZ-IEEE, ICACR conference (2020)
- The program committee of IntelliSys, Computing conference, FUZZ-IEEE, ICACR, and Web Intelligence conference (2019)
- The program committee of WWW, ICACR , and Biomedical Research (2018)
- The reviewer of IEEE Transactions on Fuzzy Systems (Feb 2018- Present), Journal of Medical Internet Research (Aug 2018- Present), International Journal of Science and Business (Jun 2018- Present), IEEE Big Data 2018, Knowledge-Based Systems (Feb 2019- Present), International Journal of Environmental Research and Public Health (Apr 2019- Present), Journal of Big Data (Apr 2019- Present), Pattern Recognition (May 2019- Present)
- The editorial board member of Mathematics and Computer Science (2018- 2020)
- Academic outreach coordinator of Biomedical Research and Technology Association (Feb 2018- Sep 2018)
- SIGIR conference student volunteer, Ann Arbor, MI (2018)

Honors and Awards

- Received NSF travel award for IEEE/ACM CHASE2018, Washington, D.C., 2018
- Best paper award for publishing "Detection of Web site visitors based on fuzzy rough sets", 2017
- Best paper award for publishing "Automatic support vector data description", 2016
- Top researcher at International University of Imam Reza, 2016

Certifications

Seminar on Artificial Intelligence & Virtual Reality with Bayesian Networks & BayesiaLab   Feb 2018- Present

Bayesia, License CREDLY-14502538

Probabilistic Graphical Models 1: Representation (with Honors)   Sep 2017- Present
Stanford University on Coursera, License 93VRVV253F72

Course Completion in Biomedical Research Investigators   Jun 2017-Jun 2020
Collaborative Institutional Training (CITI), Record ID 23266575

Course Completion in Data or Specimens Only Research   Jun 2017-Jun 2020
Collaborative Institutional Training (CITI), Record ID 23266577

Course Completion in Responsible Conduct of Research for Biomedical   Jun 2017-Jun 2020
Collaborative Institutional Training (CITI), Record ID 23266576

Internet searching methodologies & Referencing techniques by Zotero   Dec 2014 - Present
Research Management at Imam Reza International University, License 16793
